### North teacher demands security

TRACIEES cannot give
To their best if they
have inlegting worries
caused by the re-organizatangent of the re-organization
to the re-organizat

and the salaries and pro-motion re-organisation came along, there could be induced in the minds of teachers a terrific feeling of worry—what was going to happen to their post and if a teacher held a post of social resonability what would happen to that, the salary and what were the what would happen to that, the salary and what were the prospects?

She added that all buildings in a comprehensive school should be adjacent.
